Topic 15: Reading “Customer review”

A customer review is a review of a product or service made by a customer who has purchased and used, or had experience with, the product or service.

In the case of Rymera Web Co., founder Josh Kohlbach directly asks happy customers to write reviews after a great experience. The result looks something like this:

The plugin works as advertised, and with my customization requests the support team was quick to respond with sample code to help me meet my specific needs. Would definitely recommend this to meet your wholesaler needs on any woocommerce site
