UNIT 3. PHOTO DESCRIPTION

PHOTO DESCRIPTION

A picture description is an ideal way of practising your English vocabulary in all sorts of fields. Pictures provide serious language practice and can be invaluable in the classroom for stimulating discussion and bringing enormous variety to lessons. They also provide the teacher with a flexible and convenient tool to test many different things in exams.

A large, blue, cloud-like thought bubble with a dark blue outline and a slight 3D effect. It has three smaller, similar bubbles trailing off from its bottom left corner. The text inside is white and bold.

DO:

- Look at your picture carefully and take a few moments to think before you start talking.
- Talk for all the time you are given. If you have one minute to do the task, use every second.
- Practise the useful language below so you can explain which part of the picture you are talking about.

PHOTO DESCRIPTION

DON'T:

- **Panic if you don't know the words for all the things in the picture. You *don't* need to know all the words for everything in the picture if you know what to say when you don't know an exact word.**
- **Get distracted and start talking about something else. Focus on the photo or picture.**
- **Panic if your mind goes blank. Take a deep breath, look at the picture and start again.**
